EXPERIENCE THE EXCELLENCE

The Solstice Pool Line— crafted with 100% Carvin custom resin blend for unmatched durability and reliability. Our strong construction, contemporary designs, and stainless steel hardware guarantee that your pool will stand out for many years. Choose a model from our three series that will harmonize beautifully with the style of your home.

Carvin Pools distinguishes itself by being the only above-ground pool manufacturer to certify every pool with ICC-ES. Designed to comply with ANSI/APSP/ICC-4-2012(R2022) standards, our pools offer unparalleled quality and rigorous compliance. Choose Carvin Pools for superior standards and reliability.

BASE STRUCTURE

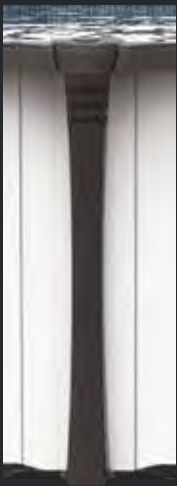

GRADUATED RAILS

SILVER SERIES

The Silver Series offers the best value for your money, providing the durability and longevity of a full injection molded resin frame at an affordable price. Corrosion resistant and easy to maintain makes the Silver Series the perfect choice for a high-quality, budget-friendly pool.

GOLD SERIES

The Gold series possesses classic and timeless lines. The different wall finishes inspired by current trends allow this series to beautify and complement your yard. Its specific features, along with the ruggedness and reliability unique to the CARVIN® range, will give you peace of mind for years to come. This series is compatible with our wide selection of illuminated water features.

DIAMOND SERIES

Designed to stand the test of time, the Diamond series is our most prestigious. Its authentic and iconic style will transform your outdoor space into a modern and convivial environment. This series has the widest and strongest top ledges and vertical supports in our collection. It is compatible with our wide selection of lights and water features that the whole family will surely enjoy.

# REVOLUTIONIZING THE TECHNOLOGY BEHIND ABOVE GROUND POOLS.

Carvin’s above ground pool technology is built on 50 years of expertise in the injection process. Through a multidisciplinary approach, our team ensures precision and quality by employing thorough and rigorous testing methods during product development. Our innovative process involves expert installers providing recommendations, along with the development of multiple concepts and prototypes. Solstice pools combine style with innovative features, making them both unique and easy to install and use.

**DID YOU KNOW**

CARVIN® designed and developed custom, unique in the world, state of the art, wall production process machinery. Standardized corrugation and perforation are 100% automated which results in unprecedented accuracy and consistency in production.
